***Funding for our early literacy initiative and playspace provided by the IMLS "Grants to States" program through the American Rescue Act Plan of 2021. The grant is facilitated by the New Hampshire State Library.**

Our Vision

To support our Mother Goose on the Loose early literacy program, we have brought play-based learning to our children's room. The goal for our playspace is to encourage imaginative, cooperative, and skill building play. Our playspace, along with books and crafts, help children develop strong emotional, social, and literacy skills.

All are Welcome!
